MEMORANDUM FOR: SIG-I Working Group Members

FROM:

Director, Community Counterintelligence and  
Security Countermeasures Staff

SUBJECT: Presidential Report

1. This memorandum transmits a new draft of the Presidential Report. We request your priority review of it, and also request that you plan for a meeting to work your changes on 11/12 September. Tentatively, that meeting will be held on 11 September at 0900 in Room 1005, Ames Building, 1820 North Fort Myer Drive, Rosslyn, VA.

2. This draft was prepared by [redacted] newly contracted to CCISCMS. We hope that the draft accommodates most of the specifically requested changes and is more direct in its language. The chapter on deficiencies has been eliminated. In the time available to redraft the paper, the staff has not been able to accommodate [redacted] concern with lack of priority for the many specific tasks embodied in the paper or for lack of discussion of resource implications. The paper has not been so drastically reshaped as to meet Judge Webster's concern that it goes too far into CI strategy. Given the urgency for its completion, we simply do not know how to meet these concerns, but, again, we have tried to fix at least that which was said to be undesirable.

3. A SIG-I meeting is tentatively scheduled for 18 September. IG Chairmen may wish to again involve their organizations in the review of the report. Thus, we need your speedy cooperation if we are to come even close to meeting the SIG-I Chairman's schedule.
